Roseda Family Focus Female Sale

NOVEMBER 17, 2022

On November 17, we are featuring the absolute top end of the Roseda breeding program. Lot 1 is Roseda Deadwood K755, an outstanding, young herd sire prospect. He represents our genetic philosophy in terms of combining calving ease (10 CED), high growth (166 YR), and high carcass merit (2.11 Marb & 1.09 RE) in a functional maternal package. He has a 407 $C and is a Promogen 6.0, top 1%. Our lead off pair features a Powerball23 daughter, K712. She combines a 15 CED, 168 YR, 1.64 Marb and 1.49 RE EPDs. She brings a 377 $C to the table and is a Promogen 6.5, the highest possible score. A full sister sold to PEAK Genetics for $50,000. These two individuals represent the best of the best from Roseda Farm.

Powerball23's progeny continue to sell well!
Recent sales at Spruce Mountain Ranch and Express Angus Ranches posted the following results:
Spruce Mtn Shirley 0559 - $160,000 • Spruce Mtn Isabel 1506 - $100.000
TK Blackbird X530 - $40,000 • EXAR Primrose 0843 - $34,000

We look forward to having you join us on November 17.
Please review the data below and contact us with any questions you may have.
